

The Board of Mayor and Aldermen of the City of Waveland, Mississippi, met in Regular Session at the Waveland City Hall Boardroom, 301 Coleman Avenue, Waveland, Mississippi, on February 06, 2024 at 6:30 p.m. to take action on the following matters of City business.

ROLL CALL

Mayor Trapani noted for the record the presence of Aldermen Gamble, Richardson and Clark along with City Clerk Lisa Planchard and City Attorney Ronnie Artigues. Absent from the meeting was Alderman Lafontaine.

MAYOR'S COMMENTS

AMEND AGENDA/BOARD BUSINESS/CONSENT AGENDA/MAYOR'S COMMENTS

Re: Amend and finalize the agenda with addition of items under Mayor's Comments, Board Business, and Consent Agenda

- a. Alderman Gamble moved, seconded by Alderman Richardson to amend and finalize the agenda with the addition of item(s) 4 (b) under Mayor's Comments: Item(s) 7 (i) under Board Business, Item 8(b-2) under Consent Agenda.

A vote was called for with the following results:

Voting Yea: Gamble, Richardson, Clark

Voting Nay: None

Absent: Lafontaine

EMPLOYEE OF THE MONTH/COMPTROLLER/ADMINISTRATIVE DEPARTMENT

Re: January 2024 Employee of the Month, Mr. Robert Fertitta – Comptroller

- b. Mayor Trapani announced that the January 2024 Employee of the Month is our Comptroller, Robert Fertitta.

NEREIDS PARADE/EVENTS/PARADES/MAYOR'S COMMENTS

Re: Thanked the City of Waveland Staff & Citizens for a successful 2024 Nereids Parade

- c. Mayor Trapani publicly thanked the City Staff as well as the Citizens of Waveland for making the 2024 Nereids Parade such a success and making sure this parade will continue for years to come in Waveland.

ALDERMEN'S COMMENTS

Re: Alderman Gamble

- Informed the public that she is currently working with Sea Grant to offer a free Hurricane Preparedness program to the public. She said that initially this started out for Neighborhood Watch participants, but she has been contacted by the Hancock Chamber, as well as the Hancock Resource Center to partner with them and provide this program to the public for free.
- Noted that the Neighborhood Watch Program is growing in Ward 1 and each week we are getting more and more block captains. Block captains are able to provide important information to neighborhoods, such as the need for a boil water notice that we recently experienced. She encouraged all Wards to join the Neighborhood Watch Programs, and encouraged the other Aldermen to promote the program in their wards.

Re: Alderman Richardson

- Inquired about ditch erosion on the side of the Fire Department on Hwy 90. Alderman Richardson explained he has spoken with the Fire Chief Tommy Caver, as well as Asst.

Fire Chief, Casey Piazza. He said that the fence has progressively gotten worse and looks like it is about to start falling in. Alderman Richardson asked how soon this can be reevaluated.

- Inquired about the recurring gas leak on St. Joseph Street. Alderman Richardson asked Jason Chiniche if there were any old plans (or as-builts) that shows where the old pipes are laid and where the new pipes are currently laid. Public Works Manager, Bo Humphrey came before the board and explained that National Corrosion, Inc. will be coming in next week to locate 2 gas leaks that he's unable to find. He said that once the 2 lines are located, they will go from there and repair the lines as much as they can. Alderman Richardson asked Bo if this old steel line will need to be taken out of the ground completely in order to stop the issue? Bo explained that if he could find the valve and make sure it is cut off from the old steel line, then that would be all he would need to do. Mayor Trapani asked Bo to elaborate on the Grant monies that had been mentioned at a recent conference in Tupelo he attended. Mr. Humphrey explained that this is the BIL Grant and can be applied for annually. This Grant provides up to \$19 billion annually to help cities rebuild their gas lines. He also learned about Hazardous Mitigation grant monies that we could also apply for. Bo said he would like to replace all the steel line coming from the Kiln with plastic pipe. When Mayor Trapani contacted Mr. Chiniche's office with this new grant information, they learned that the application period has not started yet and Mr. Chiniche's office will submit the application on the City's behalf as soon as the application period opens. The mayor added that we get approximately \$1.1 million from RESTORE money, but that will not go very far for replacing the lines up to the Kiln.

Re: Alderman Clark

- Before Alderman Clark could ask, Mayor Trapani said that the playground equipment has been ordered and was told when it was ordered it would be in within 3 – 6 weeks. He said when they called to check on it last week he was told one item was back ordered and should be in within another 2 weeks. The mayor also said the newest breakage at the park will be repaired by the end of this week.

PUBLIC COMMENTS

Re: Mr. Jason Chiniche to update the Board of Aldermen on the Waterfront Improvements Project

- Mr. Chiniche reported that he met recently with representatives from Hancock County and had conference calls with DMR and Corps of Engineers about proposed improvements and what the challenges would be. He said multiple studies must be done by different agencies which he had anticipated. The County is on board, but their only concern was who would be responsible for the maintenance, which we all know, this is a City project. Mr. Chiniche said the next step is the permitting process and it could take up to 12 months to get approved.
- The Mayor asked Mr. Chiniche if he had heard anything about the pier. Mr. Chiniche said he had met with Mike Seiler with MEMA and we know the bids came in in October '23. They were higher than FEMA's estimates so Chiniche's staff submitted documentation to them (FEMA) for review and asked them to adjust the cost analysis that they had prepared. He said they've not heard much back from them so while Mr. Chiniche was in Jackson, he met with Mr. Siler, who stated from his experience what is usually done is FEMA usually adjusts to cost at close out; historically this is what they do. Mr. Chiniche said he's seen that as long as the scope of the work that was laid out in the PW is followed, there would be no reason for them to deobligate the funds. Mr. Chiniche said when he did his inspection, he noted some additional asphalt and additional items that needed to be included for the repair, so the necessary paperwork for that was submitted. At this point, it's a waiting game. The mayor said he called Congressman Ezell's office to ask for a timeline as to when a decision may be reached and he was told they would move it to the front as much as they could, but still do not have a definite date.
- Mayor Trapani said Representative Anderson is Chairman of the DMR and he feels Representative Anderson will help us with our GOMESA application; we put in \$9M for a drainage project. Mayor Trapani and Mr. Chiniche will be going back to Jackson in

February to talk to them about the GOMESA and Tidelands projects to make sure they understand our needs.

- Tyler, Foy, and Ruby Street Repairs Project - The contractor has his mix design in; they're going to reclaim that asphalt, grind it in place and add some cement to have a more stabilized road. The mix design was approved so they will be starting within the next week or two to get back on track.

Re: Mr. Brian Therolf to discuss the following:

- a. Mr. Brian Therolf to discuss the following:
 1. Arbor Week, 2/12/24-2/17/24
 2. City of Waveland signature symbol and signage
 3. Coleman Avenue
 - a. Library
 - b. Ground Zero Museum
 - c. Fire Station No. 2
 - d. City Hall
 - e. Studio Waveland
 4. Street issues: Concrete curb damage, Pedestrian hazards
 5. Recycling

Mr. Therolf said he has only heard from the Mayor on one possible location to plant the live oak trees. He asked the Aldermen to remember to give their input. Mr. Therolf then suggested to adopt the dolphin as a symbol for Waveland since there was already a carved dolphin as you enter the city at the intersection of Hwy 603 and Hwy 90. Mayor Trapani told him our city logo already has two dolphins at the end of the wave. Alderman Gamble said we have already adopted the dolphin through all our city logos. Mr. Therolf gave reusable shopping bags to each board member to use when going shopping.

BOARD BUSINESS:

DOCKET OF CLAIMS/DEPOSITORY BANK ACCOUNT

Re: Depository Docket of Claims, paid and unpaid, dated Feb. 06, 2024

- a. Alderman Clark moved, seconded by Alderman Richardson to approve the Depository Docket of Claims, paid and unpaid, dated February 6, 2024 in the amount of \$352,155.82.
(EXHIBIT A)

A vote was called for with the following results:

Voting Yea: Gamble, Richardson, Clark

Voting Nay: None

Absent: Lafontaine

PLANNING & ZONING:

Re: Charles Kihneman, owner of the property commonly known as 4327 Caspian Street

1. Charles Kihneman, owner of the property commonly known as 4327 Caspian Street, parcel #138M-0-33-196.000. Continued from the 8/1/23 Board meeting... Mr. Josh Hayes, Building Official, was to report back to the Board of Mayor & Aldermen in 180 days (1st meeting in February, 2024) with results on property inspection... building progress. **(EXHIBIT I)**

The building permit expired November 23, 2023 and the motorhome permit expired January 2024. The inside of the home is still gutted and not much progress has been made since last time according to Building Official, Josh Hayes. Alderman Gamble asked Josh if there has been an application for renewal for either permit. Josh replied not at this time. Mr. Kihneman said he did not realize the permits were expired and there was a 40 day delay in getting the siding he had ordered. He said it is taking time because he doesn't have the money and he has been sick. He said his son is staying in the camper to keep the property from being vandalized and to protect the materials purchased. Mr. Kihneman wants to get the siding and stairs done then he will go to the bank and get a loan to finish the house. Alderman Clark confirmed that this has already been extended one time for 6 months; he asked Mr. Hayes how much progress has he seen in 6 months. Mr. Hayes said, "Not much". Alderman Gamble asked if he had cameras on the house and he replied that he did, for security. She noted that the first permit was issued 6 years ago, but he said he basically was working on the house on evenings and weekends. His son works another job and also works on the house as he gets time. Mayor Trapani asked Mr. Hayes what was his question of the Board tonight? Is your question of the Board tonight that we should approve the extension of the permit to have the camper out there? Mr. Hayes said he doesn't really have a question; he's just giving the Board an update of their progress. Alderman Gamble asked since both permits have expired, has there been an application for renewal? Mr. Hayes said no, that would be his recommendation. City Attorney Artigues said the request is 2-fold; he must apply for the permit tomorrow and second, can make staying in camper conditioned upon and subject to getting the proper permits tomorrow. He needs to come to city hall tomorrow to get the permits. Mayor Trapani said Mr. Kihneman is trying to do this right and suggested the board to give him another 6 months with the camper, but must see improvements; it's been long enough. The board said they would grant another 6 months but must see improvements, inside and outside.

Alderman Clark moved, seconded by Alderman Richardson to approve another 6 months extension (to August 6, 2024), contingent upon getting the camper permit and must come tomorrow for the building permit.

A vote was called for with the following results:

Voting Yea: Gamble, Richardson, Clark

Voting Nay: None

Absent: Lafontaine

BLIGHTED PROPERTIES: (Building Official, Josh Hayes to discuss)

Re: 9048 Bayou Drive

1. 9048 Bayou Drive – no utilities and trash

- Building Inspector, Josh Hayes said owners have been notified of all the infractions, but have done nothing. City Attorney Artigues said we need to give them a citation and a notice to appear before this Board, then the Board can take action to adjudicate it as a menace and a blighted property. Then if they don't come into compliance and we have to get a judicial order, the municipal court judge will have what he needs for us having followed and exhausted all of the administrative remedies before he can give us an order, then we can proceed that way. Attorney Artigues said that will be the next step to issue a citation and a formal notice to appear before this Board. You would then present all of this that you are presenting at the time; they would have an opportunity to respond to the Board. Then the Board can take action on the minutes to declare adjudicated, based on Mr. Hayes findings and recommendation, and then we have the authority to move forward and clean it if they don't. Mr. Artigues advised Josh to set the first meeting on March 5th to adjudicate and have a hearing on this property. Josh will present to Board and then the Board can take action to declare based on findings and recommendation then you have the authority to move forward. You have notified the owner; they are doing nothing and squatters are living there.

Re: 1013 Daniel Street

2. 1013 Daniel Street – no utilities and trash

- Someone is living in the house without utilities; no water. City Attorney Artigues told Mr. Hayes to follow the same procedure as for 9048 Bayou Drive. Mr. Hayes will issue citation and notice to appear before the Board and post Notice on property. Josh will present to the board and then Board can take action based on adjudication. Mr. Artigues told Mr. Hayes if the owner does not live locally, he can post the notice on the property.

Re: 110 Spanish Cove

3. 110 Spanish Cove – no utilities and trash

- City Attorney Artigues told Mr. Hayes to follow the same procedure as for 9048 Bayou Drive. Mr. Hayes will issue citation and notice to appear before the Board and post Notice on property. Josh will present to the board and then Board can take action based on adjudication. Mr. Artigues told Mr. Hayes if the owner does not live locally, he can post the notice on the property.

Re: 1127 Amar St.

4. 1127 Amar St. – no power and trash (do have water)

- City Attorney Artigues told Mr. Hayes to follow the same procedure as for 9048 Bayou Drive. Mr. Hayes will issue citation and notice to appear before the Board and post Notice on property. Josh will present to the board and then Board can take action based on adjudication. Mr. Artigues told Mr. Hayes if the owner does not live locally, he can post

the notice on the property. Mr. Artigues told Mr. Hayes if the owner does not live locally, he can post the notice on the property.

City Attorney Artigues said he will help Mr. Hayes write up the citations.

CONSENT AGENDA

Re: Consent Agenda Items listed (a-i)

Alderman Gamble moved, seconded by Alderman Richardson to approve the following Consent Agenda items as numbered Items (a-i):

A vote was called for with the following results:
