*****NOTICE*****

It is highly recommended that you contract this project with a licensed contractor. Acting as your own contractor makes you responsible for all construction and all code requirements. You may not have any recourse against anyone you hire to do the work. You could possibly have liability should anyone become injured during the course of construction as well as warranty requirements as per state law. Please reconsider acting as your own contractor before signing this acknowledgment.

THE UNDERSIGNED HEREBY CERTIFIES UNDER PENALTY FOR PERJURY AND ACKNOWLEDGE THAT:

1. I am the legal owner of record of the property described above.
2. I am familiar with construction codes, city ordinances and state laws applicable to such construction activity.
3. I am aware that all work must be completed in conformance with current applicable construction codes and must pass inspections by Inspectors hired by the City of Waveland.
4. I agree to pay a re-inspection fee for any re-inspection required as a result of the work not being ready for inspection or not being in conformance with the applicable code and ordinances when inspected.
5. If after the work has been inspected the Building Department determines that I do not have the knowledge and/or experience to complete the work in conformance with applicable construction codes, the Building Department may stop the work and require me to engage a licensed and bonded contractor to complete the work. The City will not be responsible for any losses I may claim or incur regarding my failures to comply with City ordinances, codes or regulations.

INSPECTION REQUIREMENTS

The city of Waveland requires that you adhere to the following during new construction or remodeling:

1. The property must have a dumpster and port-o-let on site before the first inspection is performed.
2. **Silt fencing must be erected** where needed to maintain soils on the construction site and remain there until it is vegetated. The fence must be embedded 4-6" into the ground. Specifications available in the Building Office.
3. All inspections must be scheduled by the Permit Holder or representative.
4. Prior to requesting final inspection, you are required to make sure all inspections/corrections have been performed. The site must have seed or sod before receiving an Occupancy Certificate.
5. All re-inspection fees, if any, must be paid before the Occupancy Certificate will be issued.
